Locals And Personals

Entries for the Oyen Agricultural Fair absolutely close at 10 a.m., Saturday, August 2, 1919.
J. L. Tupper, who has been on an extended trip west, returned last Saturday.

W. A. Johnson left on Sunday for St. Paul, Minn., where he will spend a few weeks visiting relatives.

Rev. H. E. Finlay returned on Saturday from Calgary where he has been attending a meeting of the Great National Campaign.

J. A. Baker of Fairness, left on Sunday for Calgary where he will attend the Fair.

During the service in the Methodist church on Sunday evening Mrs. Rogers, representative of the Women's Institute, gave a very interesting address on the Institute work.

Mrs. H. J. Cooper and her little boy, left on Thursday for Calgary and Banff where they will spend a short vacation.

A Grand U. F. A. picnic will be held at Thos Barker's Sec. 22-30-5 on Wednesday July 10th under the auspices of the Golden Center Association. A splendid program of sports will be put on and the following speakers will be present: W. H. Wood, Pres. of the U.F.A., Wm. Irvine, Non Partisan League and Mrs. Irene Farley, Pres. of the U.F.W.A. Grand dance in the evening.

Quite an enjoyable time was held last Tuesday evening in the Benton Valley school when a concert and dance was given in honor of some local boys who have just returned from overseas.

Jas. McMillan of Hazelton, N. Dakota is in this district looking after his farming interests.

Mrs. Steele, wife of the Rev. Geo. Steele who has visiting her sister, Mrs. T. Walker, returned to her home in Alder last Monday.

Mr. P. B. Peterson of Luck, Wisconsin, is visiting his son, Mr. E. H. Peterson.

Don't forget the picnic at Glenda on Saturday next. A good time for all.

Crops are holding their own so far. Several fields promise excellent yields, while a few spots are not quite so good. But with gophers and apparent drought the grain has had a hard struggle to advance.

Mr. Sinclair, manager of the Monarch Lumber Co. Milden, was in town on Monday renewing old acquaintances. Mr. Sinclair was formerly manager of the Crown Lumber Company here.

The regular meeting of the G. W. V. A. will be held at the Whitlock Lumber office on Saturday evening next. All members are requested to be present.

Clyde Frey has accepted a position in S. A. Miller & Co's store.

Oyen ball team went to Lorneville yesterday. They were accompanied by large number of rooters.

Miss L. M. Smith left on Tuesday for her home in Nova Scotia, where she will spend her summer vacation.

Mr. and Mrs. F. J. Whitlock and family left on Monday for a motor trip to Medicine Hat, Lethbridge, Calgary and Banff.

OYEN AGRICULTURAL FAIR AUGUST 4th AND 5th \$2,000 In Prizes.

Have you seen the prize list for the Oyen Agricultural Fair to be held on Monday and Tuesday, August 4th and 5th? If not, write the secretary for one and see the splendid list of prizes to be given for all classes of farm products. The committee have spent considerable time and money in order that the fair this year shall be a success and from all reports there seems to be an unusual interest taken in it. As much as that there will be a larger number of entries this year.

Apart from the \$2,000 in prizes there will be the following special prizes:

MUNICIPAL DISTRICT VOTERS' LIST

Prior to the year 1917 the right to vote at an election of councillors for the Municipal District was limited to the parties who were assessed for rates. In the year 1917, however, the right to vote for councillors was extended to include the wives, husbands, sons and daughters of the persons assessed, provided such wives, husbands, sons and daughters were twenty-one years of age and resident within the boundaries of the municipalities. It was felt that the relatives of the owners or occupants of the land were by their industry assisting both directly and indirectly in the progress and work of the municipality and therefore it seemed only fair that they should have a right to say what they wished to carry on the business of the municipality.

The amendment to the Act, however which made provision for these parties voting, placed upon the secretary-treasurer the burden of finding out who the parties were that were entitled to the vote because of their relationship to persons who were assessed and entering their names on the voters' list. It was found that it was impossible for a secretary-treasurer to make a complete list of these people. For example, sons and daughters of persons assessed are not always living with their parents, and when they have their names placed on the voters' list when they become twenty-one years of age, and when the secretary-treasurer was required to make up the list it was absolutely impossible for him to do so without making a canvass of the entire district each year, and also as to whether or not they were resident in the municipality. This being the case it was felt to be unfair that such a burden should be placed on that official, therefore, at the last session of the Legislature, the Hon. A. G. McKay, Minister of Municipal Affairs, introduced a amendment which has now become law, requiring all persons who were entitled to vote at an election for councillors, because of their being wives, husbands, sons or daughters of persons assessed, to register their names with the secretary-treasurer.

All parties entitled to vote because of their relationship to a person assessed must make application to have their names placed on the voters' list, otherwise they will not be able to vote at the election for councillors. Such application must be made to the secretary-treasurer of the district some time between November 1st and December 31st both inclusive of each year, during the usual office hours. Application may be made personally by the person claiming the right to vote, or it may be made through the secretary on account of those assessments as applicant claims the right to vote. All persons who are of the opinion they have the right to vote under this provision should therefore be careful to make application to have their names placed on the voters' list as soon as they are able to do so, to prevent their names from being omitted at the next election of the municipal district councillors.

Another amendment to the Municipal District Act in connection with the voters' list should also be noted. That is an amendment to Section 83 of the Municipal District Act, which requires a copy of the Voters' List to be posted up at some central place in the polling division in the municipal district. As the Act formerly stood, it only required that there should be a copy of the Voters' List posted up at the secretary-treasurer's office. This is inconvenient, as it is not always possible to get a copy of the Voters' List, if an elector wished to find out whether or not his name was on the Voters' List.

Unless the business of a municipality is controlled by an active and intelligent public opinion, the results there should be from municipal organizations. With the making of additional provision for the making of the franchise upon parties entitled to vote may register that their names are on the voters' list, though they are not active to greater, intelligent better than the municipal authorities, as one of the worst enemies in rural municipal organization in the past has been the indifference on the part of the majority of electors, as to who should be elected councillors.

A man hanging in a wonderful narrow hanging in a cage from the window of a house he had often passed, said, "It cries stop!" so natural, that every time I heard it I always stopped."

Too poor to take the home paper? Well, that is a distressful condition. Buy a hen, feed crumbs and waste from the kitchen, and she will lay eggs to pay for a year's subscription. My friend learned wisdom and ceased to be poor.

EXCEL ITEMS

The most successful evening of the season was held on Friday when the people of Excel officially welcomed home the local boys from the front. Mr. A. E. Wetheral gave the address of welcome which was highly responded to by Wm. Davidson, R. Q. M. S. Sgt. Davidson expressed his gratitude at the way the homes were thrown open to the boys of the vicinity who were returning and said it was a pleasure to sacrifice his four years in France knowing that the people at home were back of them. During the evening "Dear Old Bob" Nisbet was called on to give a few of his favorite songs and followed by his brother, Matt Nisbet, which helped out considerably with the program. Mrs. B. E. Kelly very ably assisted at the piano. Songs were also sung by Mesdames W. McLeod, S. B. Gulleksen and C. Gulleksen. After the program everybody sat down to a heavily laden table furnished by the ladies of the district. During the evening Messrs Davidson and Nisbet were presented with a pipe and tobacco pouch from the "boys of Excel."

The next meeting of the U.F. W.A. will meet at the home of Mrs. J. Anderson on Thursday July 17th, at 2:30 o'clock. All farm women welcome.

Jas. Church who has just returned from France, left on Friday to attend the Fair in Calgary. The evening before he left a number of friends surprised him with a welcome home party.

Mrs. A. E. Collings and family were in Calgary last week attending the wedding of her brother, Pte. J. Pittman. Congratulations Jack!

Pte. John Garrison arrived in Excel from Siberia last week.

SUPERBA. SIFTINGS

A splendid shower of rain falls in this district on Sunday night that refreshed the grain immediately and cheered the yeoman considerably.

An effort is being made to remove Superba school to a combined area, comprising two or three districts south of this; so it is reported. Needless to state the ratepayers of Superba district unanimously oppose such an undertaking as it would not better the situation in any particular way and add an extra expense as well.

There is talk of a new town about six miles south of this locality. If such a change transpires, why not the ratepayers to the south of us wait a while longer and eventually get the benefits of an urban school, thereby saving themselves considerable expense and receive better education facilities in every way. As it is each school district requires a meeting house of some sort; so it would be sheer folly to do away with the present handsome structure, now in prime condition, to gratify the wishes of a few individuals of other districts. A petition was circulated in Superba district on Monday opposing any change for the present at least.

Crown Prince Has Escaped Paole

Paris—Frederick William Hohenzollern, the former German Crown Prince, has escaped from Holland and made his way into Germany. His plans have come from Germany within the past few days that the military case there would not be adverse to bringing about a military situation within the former empire that would embarrass the allies in putting the peace treaty into effect, and it seems non-impossible that the move made by the ex-Crown Prince is credited with some such plan.

The former Crown Prince made his way into Holland shortly after the signing of the armistice last November, and was interned there by the Dutch government, taking up his abode on the island of Wieringen, in the Zuider Zee.

Pending details, official discussion of the event and its bearing on German affairs, and the question whether it involves violation of neutrality by Holland, is withheld. Recent British dispatches printed in the Paris newspapers recalled in which unnamed but allegedly well-placed persons commented on the sinking of the German fleet in Scapa Flow and the burning of French battleships, said they were not surprised, and declared that other equally startling events might be anticipated. Since the Scapa Flow incident, the Paris press has been speculating as to the possibility of the former German emperor's escape from Holland, coupled with the question as to whether measures had been taken to prevent such a move.

In military quarters the belief was expressed that the crown prince and Prince Max of Baden are on their way to east Prussia, where the military reactionary element is strong. The opinion is that there may be among the old Junker officer class those who, whatever opinion is held against the former crown prince personally, might try to use him as "the man on horseback."

The presence in Germany at this moment of Frederick William, in the face of the peace treaty still hangs in the balance, has caused distrust in Paris, and there is considerable speculation regarding the next development in the situation.

Germany Facing Railroad Strike
Berlin—Germany is threatened by a nation-wide railroad strike for higher wages. At Gorlitz station, Berlin, service has been stopped in both directions. The Berlin service has been badly interrupted.

The government is negotiating an endeavor to halt the strikes, which are largely the outcome of communist propaganda.

Prohibition Bill Dead
Ottawa—In the House of Commons, all the Saskatchewan members voted for prohibition. The senate won't likely change and the bill seems dead. The fall session will be in October.

Invested in Peace River
London—The Marquis of Queensberry has returned to London, having acquired large oil and other interests in the Peace River district.

Proposed Movement For Labor Reforms

Winnipeg—A special dispatch to the Free Press from its Ottawa correspondent says:

"Important and far-reaching recommendations, designed to bring about the better relations between labor and capital, and to improve conditions, are incorporated in the report of the industrial relations commission, under Mr. Justice Mathers, who is expected to submit the findings to the government."

"The commission will recommend that a conference be held immediately with the provincial authorities with a view toward bringing about the following reforms:

1. An eight-hour day throughout Canada.

2. A minimum wage for both male and female workers.

3. Collective bargaining, as prescribed by the railway unions. The commission will further recommend that the Dominion government take steps, as soon as possible, for the formation of industrial councils on the Whitley plan, as adopted in England. It will urge that the government be made for old-age pensions, that a system of unemployment insurance be inaugurated, together with insurance against sickness and disability."

Urged Exclusion Of Japanese

California Senator Characterizes Them as "Hun of the East"

Washington, District of Columbia.—Speaking before the house immigration committee, James D. Phelan, democrat, senator from California, declared that, for its own preservation, the time has come when the United States government must put up the bars against any Japanese immigration in the future.

The California senator urged that Japan could not reasonably resent such action by the United States as had been taken by the Tokio government toward China.

Characterizing the Japanese as the "Hun of the east," the senator from California declared that the Japanese syndicate had attempted to purchase 800,000 acres of the most fertile land in the San Joaquin Valley in California, and that the transaction was only halted when he complained to the state department.

Havoc Of Tornado
Cyclone Caused \$300,000 Damage at Pergus Falls

Pergus Falls, Minn.—State military authorities in charge of the tornado-stricken district of this city had compiled a list of persons who were known to have died as a result of the cyclone. The officers in charge estimated the total death toll at not less than 60.

Mayor Frankberg estimated that the city's financial loss from Sunday's tornado is not less than \$300,000.

"A careful survey of the city showed that the early estimate of a million and a half loss is too conservative, and the actual loss is at least \$300,000," said the mayor.

"Forty per cent of the resident district is in ruins, about the same portion of the business district has been demolished."

War Board Rules for U.S. Wheat
New York—Julius Barnes, United States wheat director, made public a proclamation by President Wilson granting him full authority to regulate the wheat trade by the exportation and importation of wheat and wheat flour for the purpose of stabilizing prices.

Mr. Barnes said that the regulations would put into effect the same as those which have been enforced by the war trade board, which heretofore has exercised the functions delegated to him.

Cattle Embargo is Still On
London—Replying to a deputation urging the removal of the embargo on the exportation of Canadian stocker cattle, the president of the board of agriculture admitted no ground for change on account of disease for the Canadian herds were the healthiest in the world, but if the board obtained the power of admission they must refrain from using it owing to the present labor difficulties.

Aliens Apply for Passports
Ottawa.—Many applications for passports are being received, feeling that persons of alien origin in the Dominion by the passport branch of the department of external affairs. The applicants include not only enemy aliens to whom passports are refused, but men from countries friendly to, or which have been fighting with, the allies during the war. In the case of such latter classes, passports are granted only if they have been naturalized here with about 1000 Germans, many of whom are not naturalized, are referred to their particular consular agent. A great many applications are being received from Italy, Armenia, Macedonia, Asia, Poles, Ukrainians, and natives of various parts of Austria.

Shipload of Aliens Going From U.S.
Charleston, S.C.—The transport Martha Washington was lying in the harbor here with about 1000 German men aboard, prepared to sail for Rotterdam soon, the exact time of departure depending on the arrival of 200 more from the Dutch Republic.

Her passengers include enemy aliens arrested in all parts of the United States and interned for the period of the war.

End Of Winnipeg Strike

Bunch of Alien Enemies Are Recommended for Deportation

Winnipeg—Twenty-eight alien enemies, arrested during Saturday's riot, have been recommended by the police for deportation, Crown Prosecutor Gahan announced in the police court.

The men will be kept at the central police station and a provisional jail until their cases are investigated by a board of immigration officials.

Comrade Martin, who took a prominent part in the riot, was taken to a meeting held at the city police station, which precipitated the riot, was arrested by the city police.

Martin addressed the mass meeting in Market Square on Friday night and the meeting held in Victoria Park Saturday morning.

Chief Newton stated that 220 police had quit and that about 180 of them were taken to the city police station, where they were held.

Each man before being accepted for the force appeared personally before Chief Newton, who administered the oath of office and signed the agreement.

In the course of a statement given out dealing with the activities of the provincial government during the general strike, Premier T. C. Norris said:

"The government now proposes to appoint a royal commission vested with full powers to ascertain the causes and effects of the strike and matters incidental thereto, in the hope that the problems of labor and the difficulties of employers may be brought to a fair basis by the commission."

"The strike will, of course, not affect in any way any court proceedings."

"The commissioner we have in view is Mr. A. Robson, and we are at present in communication with him."

With the termination of the sympathetic strike, the general strike committee which ordered it automatically ceased to exist. The position of the labor temple is now the same as it was prior to the general strike, the chief assistant being the trades and labor council.

The possibility of a considerable number of men being left without work by the general strike committee has created the question of reinstatement, with employers and to watch the interests generally of those who, though in many cases dragged into the strike against their will, may find themselves out of work as a result.

The failure of many to get their jobs back is giving rise to the question of reinstatement. No wage advance could be put on the number whose applications were turned down, it was decided in labor circles to be very large.

For the 225 vacancies at the Manitoba government telephone 350 applied, according to Commissioner George A. Watson. None of those who had been on the staff permanently would be removed in favor of those who had come back after the general strike had been declared off, the commissioner added.

The same state of affairs applies to the case of the electricians. There are 100 vacancies to be filled out of 150 left vacant.

Permanent Cost Of Living Board Soon
Committee Report in Favor of the Appointment of a Permanent Commission

Ottawa.—It is probable that the majority of the cost of living committee of the commonsense which has been hearing evidence for some weeks, will report to the house in favor of the appointment of a permanent commission to be called in all probability the Inland Trade Commission.

The proposal was discussed at a special meeting of the committee, which was held on Friday night.

The plan is to have three members of the committee, the chairman to receive a salary of \$8,000, and the two other commissioners \$7,000 each.

Germany's Way
Paris.—The Danish government has protested to the peace conference against the action of the German High Seas Fleet.

It is alleged that the Germans were selling property belonging to the state.

Expelling Unions For Calling Strike Without Consent
Denver.—For participation in the general strike in Canada, several hundred members of the Brotherhood of Locomotive Firemen and Engineers were expelled from the organization, according to a discussion on the floor of the brotherhood's convention here.

Arthur J. Lovell, vice-president of the brotherhood, who returned from Canada, where he was delegated to investigate conditions, said conditions in Canada at the time of his leaving were "terrible, very serious."

Anger of 400,000 for U.S.
Washington.—Without a vote, the senate adopted a resolution to urge the army appropriation for the year beginning July 1.

The bill as passed by the house provides for an army of 300,000 and Secretary Baker had recommended that the army be placed at 300,000 officers and men.

Hold on to Kaiser, Dutch Warned
Copenhagen.—The German government has urged the Dutch government, warning it not to deliver the former Kaiser to the allies.

Rejoicing Over Advent Of Peace

Allied Soldiers Take Part in Celebrations

Copenhagen.—There was a remarkable spontaneous outbreak of rejoicing when the news that Germany had decided to sign the treaty reached Copenhagen. Many contradictory reports of the proceedings at Weimar kept the people in a state of suspense until the news came that the treaty had been signed.

The crews of the vessels, both in the harbor and in the roads, straddled whistles and sirens going, and climbed the masts cheering lustily. Previously the allied warships had been at anchor in the harbor.

Many of the seamen got shore leave and joined the throngs in the already crowded streets, singing and cheering. Long processions were formed, in which numerous flags of the allied nations were borne aloft.

The singing of the Marseillaise and other patriotic songs was heard everywhere. French and British sailors marched to the national Danish music hall, where they were decorated with the 1864, and decorated it with flowers.

The populace wildly cheered the allies, who had won Schleswig again for Denmark.

When darkness fell the warships were lighted up with incandescent lamps and threw their searchlights over the city. The Copenhagen newspapers printed enthusiastic articles on Germany's decision to sign the treaty.

Madrid.—"It was with ineffable joy that I received the news of the certain advent of peace," said King Alphonso XIII. in a speech from the throne at the reopening of the cortes. The king began his address by affirming the unalterable concord between Spain and the Vatican, and added:

"Spain's friendship for all nations is unchanged, except for the fact that the empire of the Tsar has been withdrawn in consequence of events there."

Australia's Method
Will Not Allow Any Arrogant Force to Usurp Privileges of Government of Commonwealth

Melbourne.—Outlining the political and industrial situation of the Commonwealth, Attorney General Prime Minister Watt, in a public address, declared that the government will stand for the settlement of labor disputes by law and order under all circumstances rather than by the use of brute force.

"The people have expressed their will by the laws of the country," he added, "and they will not allow any force, however arrogant or powerful, to usurp the rights of the people or to challenge the forces of the government."

After reviewing the break which occurred in the labor party over the first conscription issue, and the resultant union of the forces of the National Labor party, led by William Hughes, the premier, and the more numerous Liberal party, Mr. Watt said:

"The only safety for the country rests in the reaffirmation of this union, so that the two may be a national party in fact as well as in name."

Strike Leaders Remanded

Trials Over Sedition and Riots Will Commence Soon

Winnipeg—William Yvone, R. B. Russell, Alderman A. A. Heaps, George Armstrong, R. E. Bray and Alderman John Queen, strike leaders arrested a week ago, will be tried in the city police court July 3 on charges of seditious libel and seditious conspiracy. They were remanded by Magistrate Macdonald in special strike court on the request of A. J. Andrews, prosecutor for the Dominion government.

W. A. Pritchard, Sam Blumberg, Matthew Charitonoff, Oscar Schoppe and Moses Alimoff were given a similar remand.

T. J. Murray, together with R. J. McMurphy, will defend the prisoners now in Winnipeg. The men held at Stony Mountain penitentiary will be defended by M. Hyman. A conference of these three attorneys for the defense held here, when it was decided not to ask for a remand.

Turks Assault Greeks
Strong Forces Driving Them Back In Asia Minor

Paris.—The situation in Asia Minor is serious, according to official dispatches received by Reuters' limited bureau here. These advisers state that the Turkish forces outside the Greeks drove to one and threaten to drive them entirely out of Asia Minor. The Greek forces are reported to be retreating before the Turks, who are supplied with good artillery and plenty of ammunition.

Reparation For Fleet
May Not Be Additions to Germany's War Bill

Paris.—The council has decided to send two notes to the president of the German peace delegation at Versailles, one regarding the actions of the Germans in Poland, in connection with a significant telegram interpreted by the Poles, and the other relative to the sinking of the German fleet in Scapa Flow.

The allies announce that they will demand reparation for the sinking of the fleet.

Money For Belgium
Reparations Committee Suggests Priority Payment of \$500,000,000

Paris.—The reparations committee of the peace conference has agreed to priority payment to Belgium of \$500,000,000 from the German indemnities, it was officially announced.

Meats Attack Hamburg Factories
Copenhagen.—Serious rioting occurred at Hamburg, when mobs attacked food preserving factories. It was alleged that the bodies of dogs and cats had been found in them, and the people were driven to the streets and roughly handled. The war provision department was also attacked and its offices were wrecked. The mob then turned to the streets, and the army opened fire, a number of persons being killed and wounded.

Winnipeg.—In reply to a request from a number of members of the Grey-Silver Veterans' Association and of the general public that an executive committee of the association make a public statement as to its policy with regard to the forthcoming Dominion convention to be held in Vancouver, it is impossible for the executive to meet in the near future.

Mr. Newton, in his statement, then mentions the stand taken by the Dominion executive, and as to which legislation has been requested, namely:

1.—A minimum wage.

2.—Insurance with regard to unemployment, illness and old age.

3.—Suitable housing for all.

4.—Reduction in the cost of living by the elimination or curtailment of unessential manufactures by regulations governing cold storage plants and otherwise.

5.—Stringent restrictions with regard to immigration and naturalization.

6.—Suitable and equal opportunity for all, rich and poor alike, with regard to all forms of education, with Dominion government financial assistance and scholarships.

7.—Support of the general principles of more perfect co-operation in industrial management as laid down by the Whitley Commission in the United Kingdom.

8.—Real democratic government by means of proportional representation.

From the above list of resolutions recently published," says Mr. Newton, "the Dominion executive committee has taken the simple confirmation has been obtained from the present strike, that there are two main enemies to peace and prosperity in Canada today, one is just as much as the other, and both really of the same type, viz., the profiteers amongst capitalists and the reds amongst radicals."

It is clearly the duty of the Great War Veterans' Association to see that the activities of both are brought to a stop."

"The strike has not been an unmitigated loss to the people, it has been a civil by any manner of means. It has awakened the people from their apathetic slumbers, it has shown the government that the problems of the underclass are, the profiteers and the high cost of living must be satisfactorily handled immediately, and that the peace movement is not a mere slogan, but a real movement to make its place; in other words, the present strike has focused public attention on the day of the Veterans' Association has been urging on the government for months."

On the American armor cruiser USS Dakota recently a young soldier was found to be suffering from gallstone appendicitis and in such a condition that immediate operation was imperative. The patient was the test of a gauge; the bridge had been smashed, several men injured, and others flung out of the tanks by the explosion. The ship's surgeon, in spite of this, however, the ship's surgeon, aided by an aviator surgeon, decided to make an attempt to operate. The patient was strapped to the two surgeons were lashed to the operating table. At the end of 45 minutes the operation was completed. The patient recovered rapidly, and by the time the ship reached its destination was practically himself.

Unnamed Heiresses Wealthy Americans Who Live in England Have to Economize	Early Marriages Curious Facts in British Registrar-General's Report
---	---

There is something like a heavy slump in Anglo-American relations in the marriage market. It is falling hardest on the Americans who live in the British Isles. Britain takes nearly half the marriages of Americans, and the part of what is left. Some of the wealthy Americans who live in England, and who are married in the United States, are having to economize. People who live on their incomes, or, of course, very much harder life, find that in the present condition of things becomes again what it was before the war: it will be some time before they can get on before August 1914, will be relegated to a back seat, while quite a number of them will be obliged to know before the palm days of marriage contracts has been thrown up.

Aspirin" because genuine Aspirin now made by Bayer is sold by a Canadian Company.

During the war Aspirin was not made in Germany because of the German interest in Aspirin, all rights were purchased from the U.S. Government.

Now Aspirin is made in various other countries. But how can you tell if you have the real thing? Aspirin is stamped with the picture "Bayer" and the word "Aspirin" on the box. Look for the words "Bayer" and "Aspirin" for Hedeck, Toothache, Earache, Headache, Rheumatism, Neuralgia, and Pain generally.

Look for the words "Bayer" on the box. Bayer's boxes of 12 tablets, also Aspirin is the trade mark, registered in Germany and in the U.S. as Bayer's Monocleat ester of Salicylic Acid.

A Square Deal

One Thing Alone Will Bring Back Normal Conditions

One thing, and one thing alone, will bring back the old normal conditions, but far better conditions, than that is negotiation and agreement between the workers and factory employers to the end of a square deal for everybody.

Look back at the beautiful country of ours there is plenty for everybody, and there is contentment for everybody. But the old normal conditions are gone. The industrial beings get away from the nation that employees must trample employers or employers trample employees. The only way to get back into—Winning Tribune.

The Last of Defensive Armies

The heavy and clumsy defensive armor of the middle ages, without which no knight considered himself ready to take the field, is being thrown aside, and the battle of Waterloo is being fought in the iron-shod cuirassier armor of Napoleon, were so effectively defeated by the soldiers of Wellington.

Fruit On Prairie

Prairie Provinces Will Soon Blossom

The Prairie Provinces produce not inconsiderable yield of fruit, mostly small fruits, as shown in the following table, compiled by the Dominion Statistician. For the three provinces, as stated, the number of apple trees in bearing was 2,574,000, and the yield was 10,618,000 bushels. The number of cherry trees in bearing was 2,720, and the yield 3,270 bushels. The orchard acreage is 674, and that of gardens 37,674. Of strawberries, the production was 20,945 quarts; of raspberries, 39,945 quarts; of currants, 31,355 quarts; of gooseberries, 11,600

Edmonton, Alberta.—The right to seize illicit whiskey stills, which is at present vested only in officers of the federal inland revenue department, may shortly be extended to officers of the Alberta provincial police. The Attorney-General recently took this matter up with the federal authorities, urging such course, and received a

Bernhardi Apostle of Militarism Says That Was Wilhelm's Only Guilt
Berlin.—General Friedrich A. J. von Bernhardi, the military writer, under the title, "Kaiser Wilhelm's Guilt in the War," has published a book in which he maintains that the only fault of the German emperor was his failure to prevent the sinking of the German fleet. These delegates will also ask what measures the government expects to take to meet the losses to France through the destruction of that part of the fleet to which France was entitled.

In one of the best games played here this season on Friday evening before a large crowd Oyen tramped away an other victory in the old kit bag by the time of 9 to 7.

Manager Quinn sent Herriek to the mound while Thornton started for Cereel, but the local nine found his offerings just to their liking and piled up 7 runs in the first three innings, while Cereel were only able to grab one. Up to this stage of the game everything looked safe for Oyen, but as the battle waged Cereel kept fighting an up hill game and crept up until they had the fans sitting up and taking notice by the time the eighth frame commenced. Let us say right here, had it not been what appeared to the spectators, two doubtful decisions by the umpire in the ninth innings, it might have been a different story to relate. However, one of these decisions was call against Oyen and one against Cereel, so let us call it fifty-fifty and not complain. After the third innings Thornton was replaced by Quinton for Cereel, while Dalton replaced Herriek in the ninth for Oyen, after Cereel had scored two, with two and only one down, and as usual Dalton saved the day.
